FREQUENTLY ASKED QUESTIONS

Does the program fee cover the cost of the entire program, or is there a monthly or recurring charge?
The program fee covers the cost of the entire six-week program. There are no additional costs to participate. Due to the costs associated with operating a program of this nature, we have not yet settled on a prorated fee for participants who may only be attending for a shorter duration of the program. Please contact us for details.

What if I cannot afford the program fee?

The Club has received some generous donations to offset the cost of the program for those families who need financial assistance. We do not wish for the cost to be a barrier to participation. If you have a student you would like to enroll but are concerned about the fee, please contact us and we will be happy to work out an arrangement that works for your situation.

What are the expectations of behavior?

The Club's programs have a focus on social and emotional learning, with an emphasis on personal responsibility, self-management, and positive relationships with peers and adults. Every effort will be made to redirect negative behavior in a more positive direction. We do not intend or desire to dismiss anyone from the program. That said, if a participant is overly disruptive, inappropriate, aggressive, or otherwise posing a safety concern, parents/guardians will be contacted in an effort to work together to move towards improving behaviors. In extreme cases, a participant may be asked to take a temporary break from the program, but that is rare.

Is daily attendance required?

No, there is no required attendance. All of our programs are voluntary and may be utilized as often or as little as needed. Activities will typically occur between 9:30 AM - 12 PM, and 1 PM - 3:30 PM, with some variation, depending on the activity. A schedule of activities will be provided in advance.

How will my child get to The Club for the summer program?

If transportation to or from The Club is a concern, we encourage parents/guardians to check with Columbia County Public Transportation (CCPT). We have utilized their services a number of times, and have always found them to be convenient, timely, and safe, particularly in regards to transporting young people. There is currently no charge to ride a CCPT bus. CCPT can be reached at (509) 382-1647.

Will there be safety requirements in light of the COVID-19 situation?

Per current guidelines, face coverings are not required. However, CDC and Washington State Department of Health guidelines do recommend the continued wearing of face masks while indoors. If a participant or staff member chooses to wear a mask, they will be fully supported in their decision. Conversely, there will be no pressure to wear a mask placed on those who choose not to do so. Adjustments to this policy, if required, will be made in consultation with and at the direction of public health officials, and will be clearly communicated.

The Club's sanitation procedures will include regular sanitizing of surfaces, restrooms, and shared items. Participants who are displaying symptoms of illness are asked to stay home until they are well.

Who do I contact if I have questions or concerns?

We welcome any and all feedback from parents, guardians, and community members. If you have questions, concerns, or comments, please contact The Club's Executive Director, Jim Pearson, by phone at (509) 204-3146, or by email at director@theclubdayton.org.
